3. Issue Area Preference:

Repair the World Fellows will focus on two issue areas: education justice and food justice.

A sample food justice Fellow could work with an urban farm to maintain a community garden and recruit volunteers to weed and clean the garden during planting season. Another Fellow might volunteer with a soup kitchen, assisting in meal prep for lunch that week as well as recruiting others to join them. Another Fellow might work an organization that bakes challah to raise money and awareness for social justice and mobilizing volunteers to do the same.

A sample education justice Fellow might run a project recruiting and overseeing volunteers in an after school tutoring and mentoring program for students at a low-income school. Another education justice Fellow might run a bike building and repair class for local kids, while also recruiting community members to teach. Another fellow might do GED tutoring and run a book club for homeless women and engage others in joining them.

Please check your first preference for issue area. Use the comment section to share anything additional about your preferences. *
