Volunteer Opportunities

Virtual Service

Technology 101 Buddy. In this age of social distancing, isolation is a critical concern for folks living alone, especially seniors in the community without a working knowledge of the technology we use to stay connected.

The Detroit Jewish Coalition is looking to offer a Technology 101 class for seniors. We need tech buddies to help coach, mentor, and support. Interested? Reach out to our Community Engagement Specialist, Rebecca Steinman-Degroot for more information, rebecca.steinman-degroot@wrepair.org.

The Rev. Dr. King said, "Everybody can be great because anybody can serve." If there are any barriers to your service, like the cost of supplies, please reach out to us at DetroitTeam@weRepair.org

Volunteer Opportunities

Please engage in remote service only if you and everyone in your house is healthy and experiencing no symptoms

At this time, Repair the World will not facilitate any in-person programming. That being said, some of our partners who offer essential services are in need of healthy, able-bodied volunteers. We urge you to follow the recommendations of the CDC.

In-Person Service

Warehouse support at Yad Ezra. Yad Ezra is powered by volunteers who run the warehouse and distribute food to clients. This essential service continues to be critical at this time. If you are interested in working a warehouse shift (in small groups of less than 10 people) please reach out to our Farm Crew Associate, Stathis Pauls, stathis.pauls@weremake.org.
